When it comes to your health information, you have certain rights. This section explains your rights and some of my responsibilities to help you.

### **Get an electronic or paper copy of your medical record**

- You can ask to see or get an electronic or paper copy of your medical record and other health information I have about you. Ask me how to do this.
- I will provide a copy or a summary of your health information, usually within 30 days of your request. I may charge a reasonable, cost-based fee.

### **Ask me to correct your medical record**

- You can ask me to correct health information about you that you think is incorrect or incomplete. Ask me how to do this.
- I may deny your request, but I'll tell you why in writing within 60 days.

### **Request confidential communications**

- You can ask me to contact you in a specific way (for example, home or office phone) or to send mail to a different address. I will comply with all reasonable requests.

### **Ask me to limit what we use or share**

- You can ask us not to use or share certain health information for treatment, payment, or our operations. We are not required to agree to your request, and we may say "no" if it would affect your care.
- If you pay for a service or health care item out-of-pocket in full, you can ask us not to share that information for the purpose of payment or our operations with your health insurer. We will say "yes" unless a law requires us to share that information.

### **Get a list of those with whom I've shared information**

- You can ask for a list (accounting) of the times I've shared your health information for six years prior to the date you ask, who I shared it with, and why.
- I will include all the disclosures except for those about treatment, payment, and health care operations, and certain other disclosures (such as any you asked us to make). I'll provide one accounting a year for free but will charge a reasonable, cost-based fee if you ask for another one within 12 months.
